

Increase your mission capacity using Knool — fully funded for one year.

Knool helps legal aid organizations expand their reach and strengthen client services with technology designed to help close the justice gap. Through charitable funding supported by private donors, qualified nonprofits may receive a fully funded one-year subscription of Knool.ai, with the possibility of renewal.

Fully funded

Qualified nonprofits may receive a one-year Knool.ai license at no cost through donor-supported charitable funding.

\$10,000+ value

Estimated value begins at \$10,000 per organization, with potential for additional support depending on the size and need of the org.

Dedicated support

Guided onboarding and user support help your team adopt the platform and maximize its value to help maximize your services.

1 Discuss fit. Connect with Knool to discuss your organization, needs, and potential eligibility.

2 Receive funded access. If selected and funding is available, your one-year Knool.ai subscription is fully funded. No upfront payment is required.

3 Launch with support. Knool provides guided onboarding and dedicated customer success support to help your team put the platform to work.

4 Focus on impact. Use Knool in support of your mission and the communities you serve. There are no participation obligations; case studies are optional and explored only when mutually beneficial.

Contact nonprofits@knool.ai to discuss eligibility and learn how Knool's legal AI technology can support your mission.

Initiative eligibility, funding, renewal, and additional support are subject to private donor discretion, available funding, organizational needs, and demonstrated impact. Participation carries no financial or promotional obligation. Software use is governed by a separate Knool license agreement.
